

2025/26 Registration Secretary's Report

Membership Data

Data correct as of 6th June 2025

Number of players registered to the club since start of the season: 941

Boys: 578 (61%)

Girls: 363 (39%)

13 members have left the club during the course of the season.

Current paid/confirmed members: 928

This is an increase on last season of 44 players (around 5% growth)

Start of Season Preparations

Training and matches began in early September 2025, so it was essential that all players were signed up and registered with their respective leagues in advance. Registrations opened on 17 June 2025, and by 31 July we had processed 79% of memberships. This increased to 89% by 31 August.

This was an excellent achievement, exceeding the previous season's figures, and was largely due to the early encouragement and support provided by team officials to parents. This season I am grateful to have been supported by **Briony Keaney**, who I'm hoping will continue to assist with registrations during the busy summer period. So don't be surprised if she starts asking you for player ID or photos, etc. I hope everyone can help to maintain this early registration momentum as we prepare for the new season.

Waiting List Reminders

Heather Warwick will continue to manage the club waiting lists this season. If your team needs to expand its squad, please contact Heather in the first instance.

Please ensure all team officials are aware of the waiting list rules:

1. Teams in age groups up to and including U11 must offer places to players in the order they appear on the waiting list.
2. If this process is not followed, the player will not be registered and the team manager will be responsible for informing the player and their family that the registration cannot proceed.
3. Teams in age groups U12 and above should use the waiting list as their primary source of recruitment. However, external recruitment is permitted where appropriate.

These rules are in place to ensure that players of all abilities and backgrounds have a fair opportunity to participate and enjoy football. Your support in following this process is greatly appreciated.

Many thanks,

Richard Owen
